

QMC IS PROUD TO RECOGNIZE EMPLOYEES OF THE MONTH JUNE 2010

Brenda Ebode, Director of Rehabilitation Services, (left) and John N. Kastanis, FACHE, Interim CEO, congratulate QMC's Employees of the Month Sarah Dibona, Exercise Physiologist, and Iveta Sullivan, RN.

Our Employees of the Month for June run QMC's Cardiac Rehab program. They have worked tirelessly to prepare the program for AACVPR (American Association of Cardiovascular and Pulmonary Rehabilitation) Certification, an extensive process that required a significant amount of work. In addition to being committed to the program's success, they are equally committed to each and every cardiac rehab patient's success. This is best summarized by a letter from a recent patient who stated:

"They work together like a fine-tuned machine, constantly checking on each patient for exercise levels and safety. I always felt that they were competent and knowledgeable. Being pushed to exercise after a heart attack can be a bit frightening, but with time I definitely got my confidence back. Many times a little 'chit chat' from Sarah or Iveta would make the time on the treadmill fly by! So in this age of discontent and complaining, I thought two of your hospital employees deserved a 'pat on the back' for a job well done. Thank you Sarah and Iveta!"

**Congratulations to
Sarah DIBona, Exercise Physiologist, and Iveta Sullivan, RN,
June's Employees of the Month!**
